YAO SERIES

“曜” 本指日月星辰的光芒，黑金石虽色深却可藏光，暗合“黑中蕴曜”的层次感
自带光泽感联想，于深黑中透出层次丰富的质感与灵动的联想

"Yao" originally refers to the radiance of the sun, moon, and stars. Although
black gold and stone are dark in color, they can hide light, which is in line
with the hierarchical sense of 'black contains Yao'

Comes with a glossy association, revealing rich texture and dynamic
associations in deep black
